MedSleep was founded out of a passion for Sleep Medicine and that spirit has evolved into a dynamic work environment that values exceptional patient care, clinical research and a strong belief in education. We offer challenging assignments, career opportunities and an entrepreneurial environment.

MedSleep is Canada's Largest Network of Multi-Disciplinary Sleep Labs, and is committed to providing the highest quality sleep medicine services.

Locations: The Greater Toronto Area, Niagara Falls, Ottawa Area, Pembroke, Kingston, Vancouver, Victoria, Nanaimo, Prince George, Campbell River, Penticton, Calgary, Edmonton

ABSM board certified/board eligible sleep physicians with any co-specialty. For physicians without a co-specialty interested in Edmonton, sleep training is provided.

The practice includes out-patient sleep medicine clinical services, interpretation of polysomnography and PM studies. No hospital on-call is required. We offer competitive overhead with opportunity for both fee-for-service and additional third-party income.

We will facilitate obtaining a provincial medical license.

This is an excellent opportunity to become part of our growing practice. You will be treating patients with sleep disorder such as Insomnia, Sleep Apnea, Narcolepsy, Shift Work Difficulties, Restless Legs Syndrome, and Circadian Rhythm Disorders. Providing treatment plans with CPAP therapy, Oral Appliance Therapy (OAT), Cognitive Behavioral Therapy (CBT) and many others.
